

CHAMPION LABORATORIES, INCORPORATED

STATEMENT OF WARRANTY

Champion Laboratories, Incorporated
Statement of Warranty

Filters manufactured for Service Champ are warranted to be free from defects in material and workmanship. Any filter proven defective during the engine or equipment manufacturer's recommended service intervals will be replaced at no charge. In the event of an engine or equipment failure directly caused by a defective Service Champ filter, which was properly installed and changed following the engine or equipment manufacturer's recommended service intervals, Champion Laboratories will authorize restoration of the engine or equipment to a condition equivalent to that existing just prior to the failure.

Claims for engine or equipment repairs provided under this warranty must be submitted within 30 days after discovery of damage. Champion Laboratories Technical Services Representatives reserve the right to examine the engine or equipment and filter to determine the amount of damage and whether it was caused by a defective Service Champ filter.

This warranty gives you specific legal rights. You may have other rights which vary from state to state.

All filters meet or exceed OEM requirements and are tested in accordance with Society Of Automotive Engineers' test procedures. Engine and equipment manufacturer's warranties remain in effect when Service Champ filters are used.

This warranty does not cover any filter that has been subject to misuse, neglect, negligence or accident, or that has been improperly installed, maintained or operated. This warranty does not apply to damage to the product caused by rust or corrosion.
